

# HOW TO HELP A LOST OR FOUND PET

## **For Lost Pets:**

Post on and check all “found” posts daily on:

- Facebook
- Instagram
- NextDoor
- Pawboost
- Lost Dogs of Texas
- Lost & Found Pets in San Antonio
- Spotting Spot
- Sapets.com
- Findingrover.com

If your pet is microchipped, contact the chip company and report your pet as lost IMMEDIATELY

## **For Found Pets:**

Please take to any vet clinic or pet store to scan for a microchip. If chipped, contact the microchip company with the ID# and they will contact the registered owner. If the chip isn't registered, request the clinic info who administered the chip.

Check and post on all sites referenced above.

Please do not rehome found pets immediately as there may be a heartbroken family desperately looking for their pet!
