ACS Diversion Program:

Our ACS Intake Staff is able to proactively seek the reuniting of a found pet with its owners or additional placement for a pet should its owner not be located.

We are able to provide this service without bringing the pet to the shelter through online marketing and visibility on our website. Citizens who utilize this program agree to bring the pet to ACS for reuniting with the owner or placement upon demand.

If you are able to hold on to the pet for a few days, please see the steps below:

1. Verify City Residency using the following link: <http://www.sanantonio.gov/Council/FindMyCouncilMember.aspx>. Look under the Municipality section to verify "San Antonio." Please note: the City of San Antonio Animal Care Services can only provide services to residents within City limits.
 1. Residents living in the following municipalities will need to contact their local government authority for the handling of stray pets: Alamo Heights, Balcones Heights, Castle Hills, Converse, Helotes, Hill Country Village, JBSA Ft. Sam Houston, JBSA Lackland, JBSA Randolph, Kirby, Live Oak, Olmos Park, Schertz, Selma, Terrell Hills, Unincorporated Bexar County, Universal City, Windcrest.
 2. Please complete this [form](#). This will allow us to network the pet through our Diversion program to our rescue partners and possible adopters in an attempt to secure a placement option for the pet you found.

*If you have any questions about the Diversion Program you can email, ACSinfo@sanantonio.gov for more information.
